

BROCKPORT FIRE DISTRICT
Meeting with the Town of Sweden, Town of Clarkson, Village of Brockport
Thursday, February 13, 2025
6:30 pm
Brockport Fire District Station 1
38 Market Street
Brockport NY 14420

Present: Brockport Fire District Commissioners Pat Connors, David Georgiev, Mike Koss, Bill Bird, Allyn Hammel, Brockport Fire District Secretary Debra Bax; Chief Tim Smith, Deputy Chief Adam Leggett, Assistant Chief Scott Wainwright-.
Town of Sweden; Patricia Hayles, Supervisor; Adam Staskiewicz, Council Member
Town of Clarkson; Ursula Liotta, Supervisor; John Culhane, Deputy Supervisor
Village of Brockport; Margaret Blackman, Mayor; Annette Crane, Trustee/Deputy Mayor;
Kathy Kristansen, Trustee; Ben Reed, Trustee; Joanne Bocach, Trustee; Monroe County
Legislator Jackie Smith.

Chairwoman Connors opened the meeting with the Pledge of the Flag.
Introductions were made by everyone at the table.

- Commissioner Connors indicated that the meeting is a public informational meeting but no questions or comments will be addressed by the public in attendance. If anyone has a question, please address it in writing to the respective town or the village.
- Commissioner Connors shared that there have been concerns regarding the increased number of EMS calls that our members are responding to and had the Chiefs relay their concerns.
- We are not looking at solutions at this meeting as it is just an informational meeting to let the towns and the village become aware of the problems that responding to so many EMS calls is causing for our volunteers.

Chief Tim Smith

- Distributed copies of the number of calls indicating by Call Type broken down for the Village of Brockport, Town of Sweden, Town of Clarkson, and SUNY Brockport.
- The fire district medics are not paid as they are all volunteers in the district.
- There have been some very long EMS calls that the firefighters have been covering waiting for an ambulance. For one call it took 52 minutes for an ambulance to arrive on scene.
- There have been 49 EMS calls from January to date and since 2/11/25 to 2/13/25 there were 6 EMS calls.

- It isn't feasible for a volunteer fire department to cover so many EMS calls which are trending upward.
- It could be helpful if the towns and the village could address this with their EMS Ambulance Providers.
- Commissioner Hammell asked Chief Smith if he could explain how, for instance, would a call for trouble breathing be handled? Chief Smith indicated that, if it were a call in the village, Brockport Ambulance would be toned out first, then it would go out to other agencies throughout Monroe County until an ambulance could be available. If no ambulance service can respond, then the call would go to Brockport Fire to respond.
- Some calls may be due to a coding issue as there are calls that can come in as a low priority that then turns into a high priority.
- Mayor Blackman asked what would it take to get an ambulance from Monroe Ambulance stationed in this area. Deputy Chief Leggett indicated more money.
- When Brockport Ambulance was part of the fire department they had 2 career staff in-house and quite a few volunteers.

Deputy Chief Adam Leggett

- We don't know about all of the EMS calls in our 72-mile district as Monroe does their own EMS dispatching.
- Monroe and AMR are the only 2 ambulance services in Monroe County that have a Certificate of Need.
- They had a 24-minute wait for an ambulance for a person who was bleeding out. We do not have the option of not responding.
- It's a miracle that we have been able to answer so many calls. Secretary Bax indicated that it is not a miracle but is due to the commitment of our volunteers to our community.

Clarkson Supervisor, Ursola Liotta

- Indicated that they do receive reports from Monroe Ambulance and the delays have been increasing.
- Commissioner Hammell asked if the reports show the number of calls that they can't cover.
- It is unacceptable not having the necessary staff because, if there are not enough staff at the hospital to take care of the patient, then they keep the Ambulance Rig there.

Sweden Supervisor, Patricia Hayles

- Indicated that their contract with Monroe Ambulance was signed in 2016 and automatically rolls over each year.
- One problem is that there are certain cases when people call the ambulance for the wrong reason.

Commissioner David Georgiev

- Feels that Monroe Ambulance may have a lack of resources and staffing.
- One possibility could be to formulate an EMS District.
- Ben Reed, Trustee for the village, indicated that a model for an EMS District would be what Gates does.
- Sweden Supervisor, Patricia Hayles, indicated that formulating an EMS District would require a lot of discussion.
- Hamlin contracts with Mercy Ambulance and Hilton-Parma contracts with Monroe Ambulance.
- Could be a possibility of 3rd party billing.

Mayor Margaret Blackman

- The Governor's 2025-2026 Budget provides EMS as an Essential Service.
- If we were to formulate an EMS District with the 3 Municipalities, how many ambulances would be needed? Deputy Chief Leggett, minimum of 2.

Commissioner Allyn Hammel

- Monroe Ambulance gets paid by SUNY Brockport for standing by at sporting events.
- The district is working hard not to become a paid fire department.
- We have many new Recruits but they are not trained yet.
- There are national studies as all over the country there is a huge burnout rate for Fire, EMS, and Police.

Commissioner Mike Koss

- The bottom line is that lives are at stake and we need to find a way to have enough ambulance coverage.

The Town of Sweden, Town of Clarkson, and the Village of Brockport thanked the Brockport Fire District for bringing this information to their attention.

Dated: Thursday, February 13, 2025

Debra L. Bax, Secretary
Brockport Fire District
Board of Fire Commissioners
38 Market Street
Brockport NY 14420
